## SAFETY DATA SHEET

(SDS)

New SDS: Date 24.11.95 Date Issued (sent) xx.xx.96 Data Sheet Number HS 420

---

**1. Identification of the Substance/Preparation and Company/Undertaking**  
Substance or preparation trade name: **MOTAQUIP BRAKE DISC/DRUMS**

Unique reference number(s): **ALL REFERENCES**

Company/undertaking name, address and normal telephone number:

**MOTAQUIP**

**Tel: 024 76 883000**

**PO BOX 126**

**Fax: 024 76 883001**

**TORRINGTON AVENUE**

**COVENTRY CV4 9UX**

**EMERGENCY TELEPHONE NUMBER: 0121 557 1475**

---

**2. Composition/Information on Ingredients**

Substance? **No** Preparation Name: **MOTAQUIP BRAKE DISC/DRUMS**

**This Safety Data Sheet is in respect of the De-Watering/Rust Preventative used on the products listed in this category.**

**Preparation name:** Petroleum distillate primarily paraffinic (hydrocarbons and surfactants)  
**C.A.S. No: 64742-82-1**

---

**3. Hazards Identification**

Flammable. In the environment it is likely to biodegrade slowly. On the basis of information supplied it is unlikely to be hazardous to man in normal use; it should, however, be noted that it is classified as flammable.

---

## 4. First Aid measures

Summary of first aid is as follows:

**Inhalation:** If inhalation of fumes irritates the nose or throat or causes coughing, remove to fresh air. Get medical advice if irritation continues.

**Skin contact:** Non volatile ingredients are kind to skin, but prolonged contact should be avoided. Extensive handling - gloves should be worn.

**Eye contact:** Fluid is irritant but not harmful - if it should enter the eye it must be flushed out promptly with water.

**Ingestion:** Do not give an emetic as vomiting may cause the solvent to enter the lungs. Make the individual drink 40 mls of Milk of Magnesia in a cup of milk or water. If quantity should be appreciable, secure medical attention.

---

## 5. Fire Fighting Measures

**Suitable extinguishing media:** Carbon dioxide (Co<sub>2</sub>), dry chemicals, sand, dolomite etc., foam.

**Unsuitable extinguishing media:** Carbon Monoxide (Co)

**Special exposure hazards in fire:** Fires in closed or confined spaces should be tackled by trained personnel

**Required special protective equipment for fire-fighters:** Should wear breathing apparatus.

---

## 6. Accidental Release Measures

**Personal precautions:** Main consideration is to avoid fire. Classified flammable.

**Environmental precautions:** Contain spillage. Do not wash spillage down drain.

**Methods for cleaning:** Absorb in vermiculite, dry sand or earth and place into containers.

---

## 7. Handling and Storage

**Handling:** Keep away from heat, sparks and open flame. Avoid spilling, skin and contact. Where prolonged or repeated exposure is likely, protective clothing should be worn including impervious gloves and eye protection. Ensure good ventilation.

**Storage:** Store in a cool, dry place with adequate ventilation and closed containers.

Ground container and transfer equipment to eliminate static electric sparks. Protect from light including direct sun rays. Flammable combustible. Keep away from oxidisers, heat and flames. Flammable liquid storage.

**Page 2 of 4**

**MOTAQUIP**

### 8. Exposure Controls

Take measures to prevent eye and skin contact.

**Hand protection:** Use suitable protective gloves if risk of skin contact.

**Eye protection:** Wear splash-proof eye goggles to prevent any possibility of eye contact. Provide eyewash, quick drench. It is good industrial hygiene practice to minimise eye/skin contact.

---

### 9. Physical and Chemical Properties

**Appearance:** Colourless liquid.

**Odour:** Aromatics % vol. 17-20

**Boiling point/Boiling point range:** 150-200 deg. C.

**Solubility in water:** Insoluble in water.

**Flash Point (deg. C.)** 38 closed cup

**Flammability (gas/solid):** - lower % N/A - upper % N/A

**Specific gravity:** (water = 1) 0.79 @ 15 deg. C.

---

### 10. Stability and Reactivity

**Conditions to avoid:** Direct sunlight.

**Stability:** Avoid heat, sparks, flames.

**Materials to avoid:** Strong oxidising agents.

**Hazardous decomposition products:** Carbon monoxide (Co)

---

### 11. Toxicological Information

This product may be considered not to be essentially toxic in normal handling.

---

### 12. Ecological Information

Can be expected to biodegrade slowly.

---

### 13. Disposal Considerations

Incinerate in suitable combustion chamber. Confirm disposal procedures with environmental engineer and local regulations.

---

### 14. Transport information

No special requirements given.

---

### 15. Regulatory Information

No information available.

---

**16. Other information**

None.

*The Data contained in this Safety Data Sheet has been supplied as required by the **Chemicals (Hazard Identification and Packaging for Supply) Regulations 1994**, as amended (if applicable), for the purpose of protecting the health and safety of industrial and commercial users who are deemed capable of understanding and acting on the information provided.*

**Please ensure that it is passed on to the appropriate person(s) in your company, who are capable of acting on the information.**
